WHO WE ARE

At Intenza, we imagine a world where people feel empowered to actively pursue activities and choices that lead to a fulfilling and healthy life.

For more than a decade, we have dedicated ourselves to creating cutting—edge commercial fitness solutions that not only empower exercisers achieve their goals but also help operators reach more people, transform more lives and build their dream facilities.

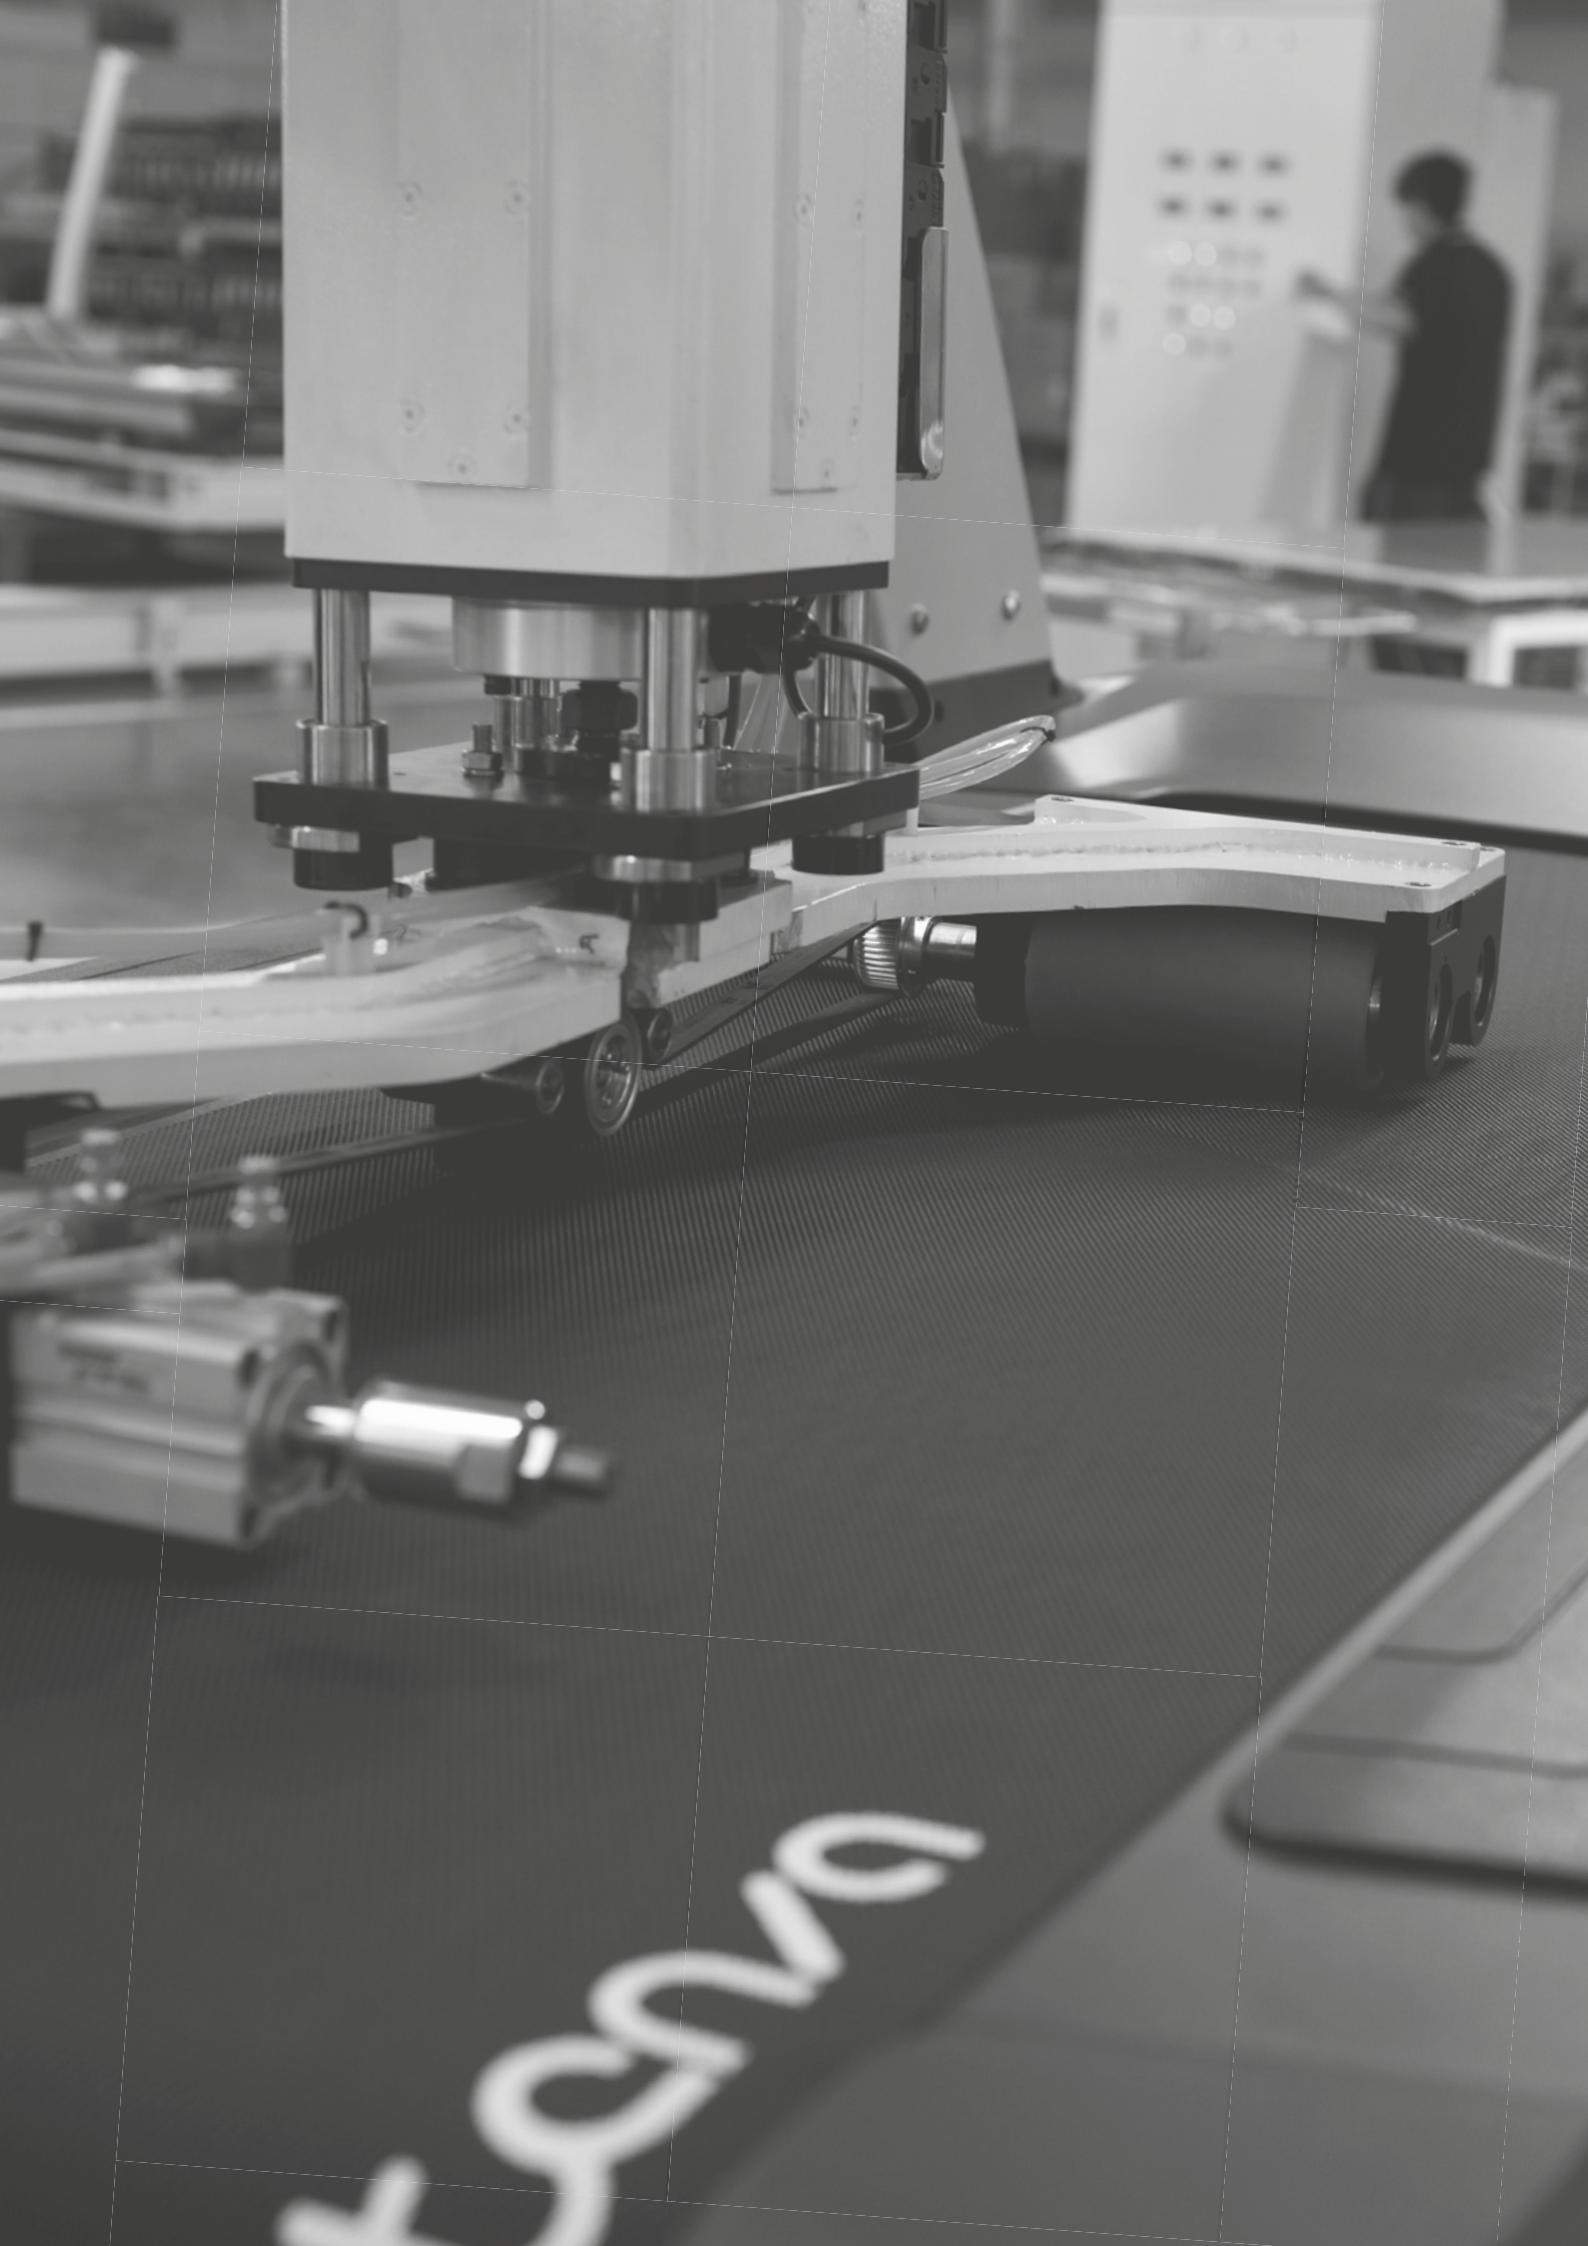

We take great pride in our role in driving the fitness industry forward, and remain committed to providing the tools and support needed to create truly exceptional workout experiences and push the boundaries of what is possible.

ATTENTION TO EXPERIENCE

Our focus goes beyond manufacturing fitness equipment—we strive to create memorable experiences. Our team is passionate for designing equipment that leaves a lasting positive impression on people. We create products that are not only functional, but also beautiful, intuitive and delightful to use.

Intenza products are thoughtfully designed with the exerciser in mind, with every aspect carefully considered to enhance the overall enjoyment of the workout. From the visual appeal to the tactile experience, ease of use to performance and safety, we pay close attention to every detail to ensure that our products not only look good, feels great, but also delivers effective training results.

PRECISION CRAFTSMANSHIP

Product durability and reliability is at the core of everything we do. From selecting high quality materials to fully assembling and testing each cardio equipment before shipment, we take a comprehensive approach to quality assurance at every step of the process to ensure all Intenza products can stand the test of time.

We are committed to continuously improving our products by actively seeking and considering user feedback, all in the pursuit of achieving the highest quality standards in the industry.

SUSTAINABILITY

Infusing sustainability across our brand, we are committed to conducting business with integrity. Our manufacturing facility is as architecturally and environmentally groundbreaking as the cardio equipment it produces.

Our 100% energy efficient factory remains a one—of—a-kind in the industry, operating on the same principles upon which it was conceived: health, sustainability, and simplicity.

100% RENEWABLE ENERGY

ALL ELECTRICITY CONSUMED BY OUR MANUFACTURING FACILITY IS CLEAN RENEWABLE ENERGY, THANKS TO 2000 SOLAR PANELS.

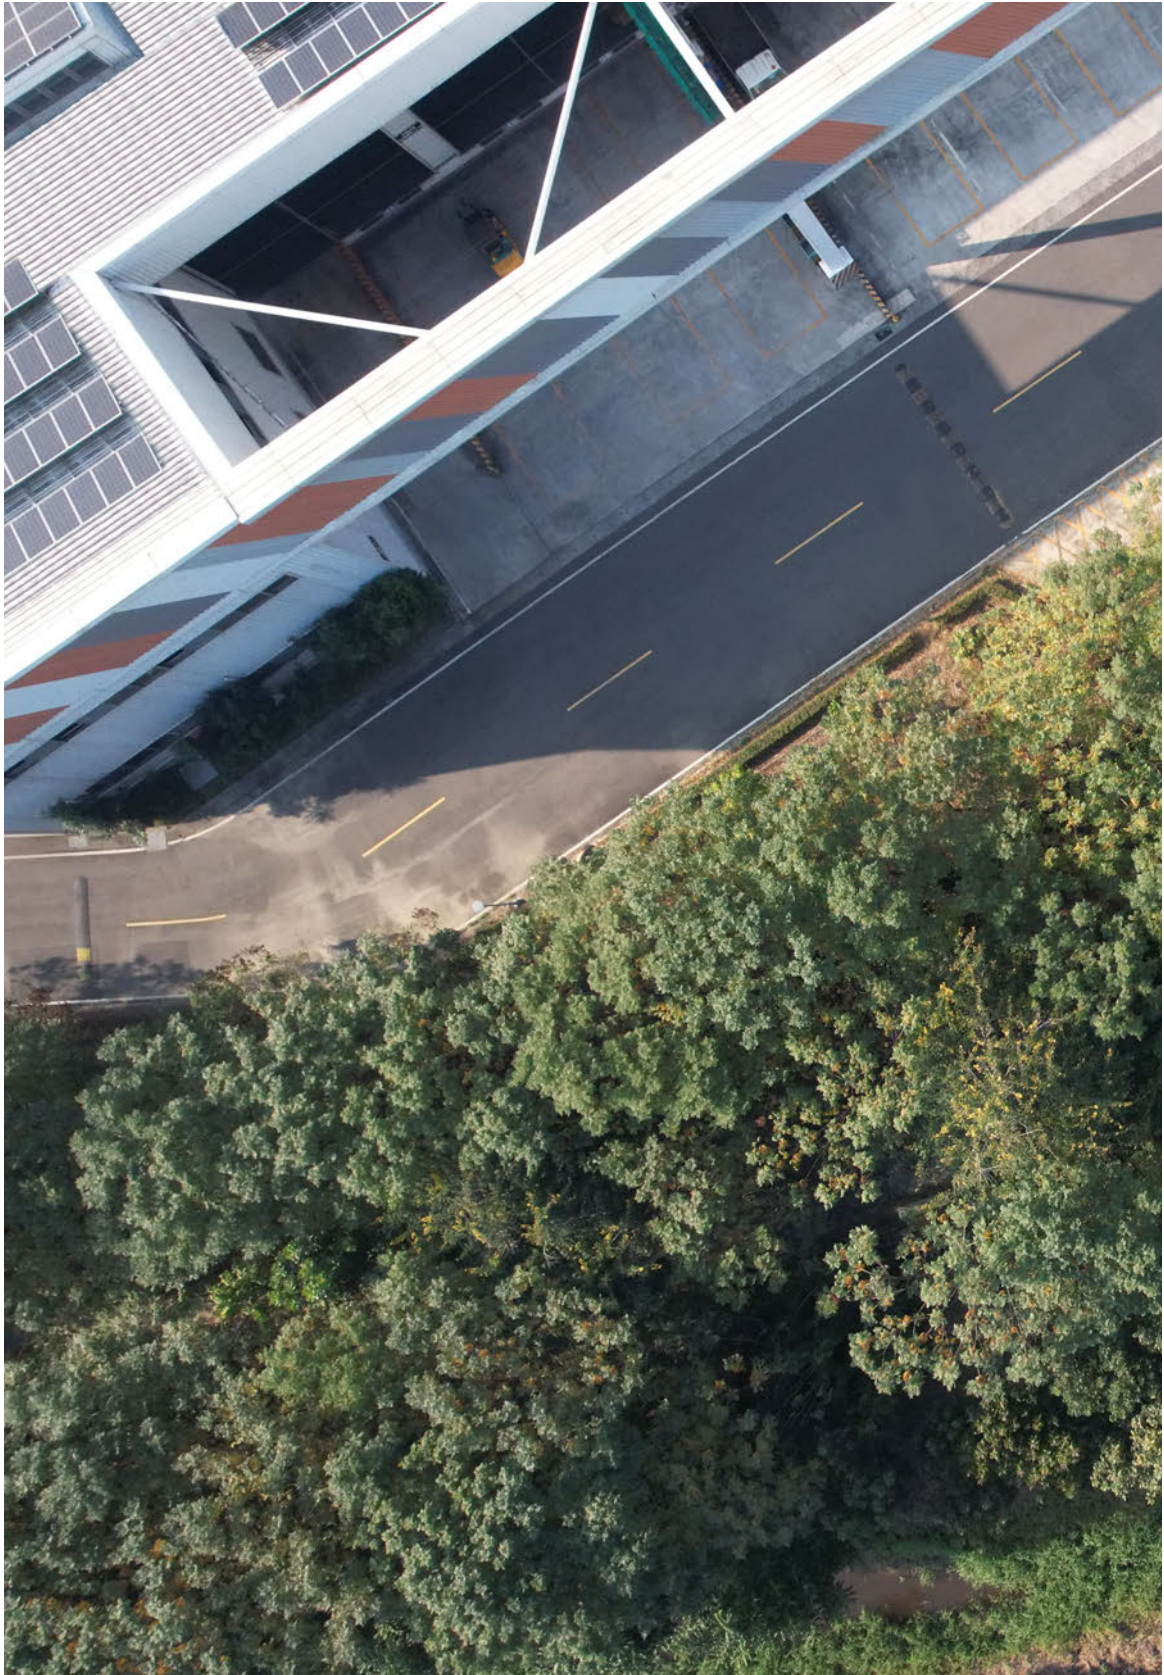

WASTEWATER RECYCLING SYSTEM

WASTE WATER CREATED IN THE MANUFACTURING PROCESS IS TREATED AND RECYCLED TO WATER THE TREES AND PLANTS ON CAMPUS.

ENERGY—EFFICIENT DESIGNS

OUR PRODUCTS CONSUME LESS THAN 0.5 WATTS OF ELECTRICITY IN ENERGY—SAVING MODE. OUR BIKES HAVE THREE WAY HYBRID GENERATORS THAT GENERATE ELECTRICITY FROM THE ENERGY PRODUCED BY THE USER.

QUICK START

PROACTIVE MAINTENANCE—INCARE™

We believe that prevention is more cost effective than repair, therefore we have revolutionized equipment maintenance through InCare™, our service software created to give operators and owners a peace of mind.

By automating and streamlining complex, time—consuming maintenance process, InCare™ saves time and cost, enabling operators to focus on revenue—generating activities while ensuring equipment longevity and minimal downtime.

INCARE™

ASSET TRACKING & DIAGNOSIS	iTEST™ SOFTWARE TRACKS EQUIPMENT USAGE, PERFORMANCE, AND CONDITION, PROVIDING SELF—DIAGNOSTICS TO CATCH POTENTIAL ISSUES BEFORE SERVICE IS REQUIRED
AUTOMATED PROCESS	UPON DETECTING AN ISSUE, A DIAGNOSTIC REPORT IS AUTO—GENERATED AND SENT TO INTENZA SERVICE TEAM. WE IDENTIFY POTENTIAL ROOT CAUSE, AND PROVIDE SOLUTIONS FOR YOUR SERVICE TEAM
iREMOTE SUPPORT	WITH THE IREMOTE ASSIST FEATURE, INTENZA'S SERVICE TEAM CAN REMOTELY CONTROL EQUIPMENT TO RESOLVE ISSUES, MINIMIZING ON—SITE VISITS AND STREAMLINING THE SERVICE PROCESS *ONLY AVAILABLE ON E2+

550 SERIES e2+ CONSOLE

Enjoy personalized entertainment, tailored training options, internet & app connectivity, and seamless device compatibility all on the touch screen. Stay motivated while exercising.

- **CUSTOM SETTINGS** When USB is detected, users may customise **1** Display Unit **2** Age **3** Gender **4** Weight **5** Buzzer. Smart machine will automatically prioritise personalised setting and workout routine with USB login
- **DISPLAY READOUTS** Displays information relevant to product type during exercise
- **HEART RATE MONITORING** Polar®—coded wireless telemetry technology: built—in heart rate receiver (heart rate transmitter strap required). Digital contact heart rate technology ensures precision and reliability
- **ON—THE—FLY** Allows switching to other workout programs during exercise
- **POWER SAVING SYSTEM** Energy saver mode is used to minimize power consumption (not exceeding 0.5W) which meets ErP EC 1275/2008 requirements
- **USB CONNECTIVITY** For customised workout, workout results, personal settings, InCare™ and manual software upgrade
- **BUILT—IN TV SYSTEM** Analog/Digital support ATSC, DVB—T/T2/C/S, ISDB. For detailed support on Digital TV, contact your Intenza Sales Representative
- **CONNECTORS** Support HDMI devices, Ethernet cable network, 3.5mm stereo Headphone Jack, Bluetooth stereo headset
- **C—SAFE STANDARD POWER** Standard C—SAFE power supports the power supply of external tools
- **C—SAFE CONNECTIVITY** Optional C—SAFE connectivity facilitates data transfer (available by demand)
- **DISPLAY TYPE** Industrial grade 19"/16" TFT capacitance touch screen display for longer lifetime
- **INCARE™ ONLINE** Smart machine automatically detects when service is needed and sends service diagnostic via Wi—Fi
- **INTENZACAST™** Supports smartphone mirroring (iOS/Android)
- **APP INTERGRATION** Up to 5 third party fitness, video / music streaming APP installation (available by demand)
- **LANGUAGE** 23 countries are offered
- **SCREEN SAVER** Upload 10 image files for messages or commercial advertisements to be displayed during stand—by
- **VIRTUAL SCENERY** 10 scenes
- **WI—FI CAPABILITY** Supports InCare™ Online, software update, Internet browsing
- **NETPULSE (XID)** xID login
- **WORKOUT OPTIONS** Custom Program, Fitness Test, HR Control, Preset Program (available programs depend on product type), Quick Start, Race, Target Programs

INTENZACAST™—YOUR WORKOUT. YOUR RULES.

Cast your favorite entertainment from your device to the e2+ console with Intenzacast™ for the ultimate personalized workout experience.

Easy to set up, watch, read, or listen on Intenza's e2+ console. Intenzacast seamlessly screen mirrors content from your personal device including IOS, Android or Kindle on the 19" display. Enjoy your favorite content on the big screen.

450 SERIES i2 CONSOLE

LCD screen with intuitive interface and advanced features make i2 console easy to use while providing versatile training options for exercisers.

- **UNI—DIAL™** A simple twist of the precision dial gives exercisers complete control of all console features and options
- **12" LCD DISPLAY** Enhanced display readability powered by a beautifully proportioned 12" LCD display offers clean easy to read UI which guides users through training
- **INCARE™ SUPPORT** Intenza's proactive product maintenance program. When service is required the Wi—Fi enabled i2 Console automatically delivers diagnostic reports to the InCare™ server as well as installation of the latest software updates
- **SCREENSAVER** Connect to your community through the 450 i2's dynamic messaging screensaver function. Through USB port, 10 image files of your choice connects you to your club as well as the installation of software updates
- **DISPLAY READOUTS** Displays information relevant to product type during exercise
- **HEART RATE MONITORING** Polar®—coded wireless telemetry technology: built—in heart rate receiver (heart rate transmitter strap required). Digital contact heart rate technology ensures precision and reliability
- **ON—THE—FLY** Allows switching to other workout programs during exercise
- **POWER SAVING SYSTEM** Energy saver mode is used to minimise power consumption (not exceeding 0.5W) which meets ErP EC 1275/2008 requirements
- **MYE AUDIO KIT OPTIONS** Optional accessories support MYE audio receiver
- **C—SAFE STANDARD POWER** Standard C—SAFE power supports the power supply of external tools
- **C—SAFE CONNECTIVITY** Optional connectivity facilitates data transfer (available by demand)
- **WI—FI CAPABILITY** Supports InCare™ Online, software update
- **USB CONNECTIVITY** For setting and software upgrade
- **WORKOUT OPTIONS** Fitness Test, Quick Start, Target Programs, Preset Program (available programs depend on product type), HR Control, Race
- **LANGUAGE** 21 countries are offered

450 SERIES i2S CONSOLE

Minimalistic LED display on the i2S console delivers essential readouts. Ideal for those who appreciate simplicity.

• **DISPLAY READOUTS** Displays information relevant to product type during exercise • **HEART RATE MONITORING** Polar coded wireless telemetry technology: built-in heart rate receiver (heart rate transmitter strap required). Digital contact heart rate technology ensures precision and reliability • **ON—THE—FLY** Allows switching to other workout programs during exercise • **POWER SAVING SYSTEM** Energy saver mode is used to minimise power consumption (not exceeding 0.5W) which meets ErP EC 1275/2008 requirements • **MYE AUDIO KIT OPTIONS** Optional accessories support MYE audio receiver • **UNI—DIAL™ CONTROL** Complete access and control of user interface features and settings with the convenience of the Uni—Dial™ • **C—SAFE STANDARD POWER** Standard C—SAFE power supports the power supply of external tools • **DISPLAY TYPE** Large white light LED message centre easily provides all needed information • **WORKOUT OPTIONS** Fitness Test, Quick Start, Target Program, Advanced Program (available programs depend on product type)

INTUITIVE INTERFACE—UNI—DIAL™

One—button navigation for a complete control over the way you workout. With a simple turn and press, the Uni—Dial™ allows you to effortlessly navigate through options and streamline the process of selecting and customizing workouts to satisfy your needs.

The perfect embodiment of design Experience and Craftsmanship, the Uni—Dial™ is meticulously crafted using only the finest materials, ensuring its long—lasting durability. It's anti—rust aluminum finish not only adds to its sleek appearance but also protects it from the elements. The textured surface provides a firm grip, making it comfortable to use, while the anti—scratch surface maintains its pristine appearance even with repeated use.

ESCALATE STAIRCLIMBER

One Machine, countless benefits. The award—winning Escalate Stairclimber with a patented Smart Step—Height™ feature, makes stair climbing accessible to more exercisers and ensures positive return on investment for operators.

Featuring 20 adjustable step heights between 10 to 19.5cm (4—7.7"), Escalate Stairclimber is ideal for active aging, HIIT training and low—impact rehab session. This unique training versatility enables exercisers to target different muscle groups, setting it apart from traditional fixed step height stair climbers.

SMART STEP HEIGHT

TAILOR STEP HEIGHT TO ACCOMMODATE YOUR UNIQUE BODY STRUCTURE AND MOBILITY FOR OPTIMAL BIOMECHANICS AND SAFE MUSCLE ACTIVATION.

TRAINING VERSATILITY

INCLINE TRAINING TARGETS THE GLUTES, HAMSTRINGS, AND CALVES, WHILE DECLINE TRAINING EMPHASIZES THE QUADRICEPS.

MAXIMUM SAFETY

4 SAFETY MECHANISMS TO ENSURE WORKOUT SAFETY. INFRARED SAFETY STOP, SAFETY KEY, CONSOLE STOP BUTTON, AND EMERGENCY STOP BUTTON.

reddot design award

LANDMARK WORKOUTS

Elevate your workout to new heights by climbing 31 iconic landmark buildings from all over the world. Landmark program is designed specifically for the Escalate to simulate tower running, or vertical marathon, providing a fresh workout option for exercisers of all fitness level.

Stair climbing is a highly effective exercise that provides numerous benefits for the body. Not only does it offer a full—body cardiovascular workout, but it also helps to build lower body strength, making it an excellent choice for functional and endurance training.

CABLE STATIONS AND MACHINE

A space—efficient solution designed to meet the diverse training needs of a wide range of exercisers. The Cable Station Line includes a series of cable—based strength training equipment that delivers maximum training versatility to maximize floor space utilization.

Cable Multi—stations is a modular cable system fully customizable to address the diverse needs of any facility and its members. Cable stations can be used independently or configured with various attachments to create efficient training spaces, allowing multiple exercisers to train simultaneously.

Dual Adjustable Pulley is designed to cater to a wide range of fitness levels and goals. With dual swivel pulleys at 18 positions and multiple attachments, it enables precise resistance customization for numerous exercises targeting various muscle groups

DUAL ADJUSTABLE PULLEY

ACCESSORIES INCLUDE: STRAIGHT BAR, LEG BOOT D—RING, SHORT AND MEDIUM HANDLES, AND CHIN ASSIST STRAP.

BENCHES AND RACKS

Simple yet essential pieces for any strength training environment. An assortment of weight benches provide a solid foundation for performing body weight and freeweight exercises, supporting training versatility. Storage racks efficiently store various free—weight equipment and provide easy access for exercisers during training.

DURABILITY

CORROSION AND SCRATCH—RESISTANT FRAMES WITH DOUBLE COATING AND ALUMINUM END CAPS FOR A LONGER LIFESPAN OF THE EQUIPMENT

COMFORT

CUSTOM—MADE SEATS AND BACKRESTS PROVIDE OPTIMAL COMFORT

EASY ACCESS

YELLOW MARKED ADJUSTMENT HANDLES PROVIDE EASY ACCESS TO DIFFERENT HEIGHTS AND ALSO OFFER QUICK ACCESS FOR SPOTTERS.
